DEPORTATION OF UNION MINERS

Western Federation of Miners Will Do All it Can to Restore Them To Their Homes.

TO BE NO RESORT TO VIOLENCE.

Fight Will be Made Through the The Courts-Moyer Disagrees With General Bell.

Cripple Creek, Colo., June 22 .- In reply to a telegram from the New York World, Charles H. Moyer, president of the Western Federation of Miners, who is now a prisoner in the county jail here, sent an extended statement of present conditions in the state from his standpoint. Mr. Moyer said in

"The deportation of the union men and others being in my opinion unlawful, the Western Federation of Miners will use all lawful means to re-establish their members in their homes. No violence will be resorted to, but such legal steps as may be necessary to bring about the desired results will be taken at the proper time. Pending such action, deported members and their families will be supported by the federation.

"Gen. Bell claims that his policy has been successful and that other states are expected to follow suit. If this be true, then rebellion is not improbable, as the great majority of the American people are today condemning such a system and, regardless of unionism, would bitterly resist any attempt to put the same into practise. I disagree with the general as to the labor troubles being settled in Colorado, but do believe they will be settled by the ballot in the month of November."

SCOURING YOUR SCALP.

Will Remove the Loose Dandruff Scales But It Won't Cure Dandruff.

If your hair is brittle and thinning, you have dandruff. The mere scouring of the scalp of the loose scales, won't cure dandruff; because dandruff is nothing but scales of scalp being thrown up by a pestiferous little germ thrown up by a pestiferous little germ in burrowing its way to the root of the hair where it saps the vitality, causing falling hair and, in time, baldness. Now you can't stop dandruff nor falling hair, nor prevent baldness unless you destroy that germ; and the only preparation that can do it is the new scientific discovery, Newbro's Herpicide. In fact no other hair preparation claims to kill the dandruff germ—all of them will clean the scalp; soap and water will do that, but only Newbro's Herpicide gets at the root of the trouEvery Week China

NEGRO RIGHTS. Anti-Disfranchisement Plank is Wanted.

Wanted.

Chicago, June 21.—The adoption of a plank declaring the Republican party "opposed to all forms of disfranchisement founded on caste and race prejudice" will be asked by the National Negro Suffrage league. The league held its second annual convention at the International African Methodist church with an attendance of 100 delegates, 45 of whom were delegates to the Republican convention. The convention names James H. Hayes of Virginia, J. R. Clifford of West Virginia and James E. Dixon of Rhode Island as a committee to wait upon the Republican committee on resolutions today with the following declaration:

"The right of suffrage should not be withheld wherever intelligence and loyal regard for the spirit and alms of the Constitution are manifested. Whenever it is denied for reasons that do not apply to an understanding of the responsibilities of citizenship, a due regard for life, property and the perpetuation of popular government, the act is in direct conflict with the interest and letter of the Constitution of the United States. The Republican party therefore is opposed to all forms of disfranchisement founded on caste and race prejudice."
